

Autism and Sensory Processing

The session looks at sensory processing differences related to autism.

Understand how your child experiences their senses, learn how they can easily be overwhelmed and what things you can do to help them regulate. Parents will have an opportunity to talk about their experiences.

Where: Tay Street Family Hub, Burnley, 21 Tay Street, BB11 4BU

When: Thursday 5th June 2025

Time: 10:00am - 12noon

To sign up, or to register your interest as a new parent:
